Kirkwood Community College
"The Kirkwood Channel" November, 2009 Report

The Kirkwood Channel had major technical problem last month. We lost our video server. The server is repaired and back in service, but we are reloading the server, because all of our programming was lost. We had everything backed up on DVD. We are looking into an IT solution to backup our server. Hope to have that installed in the near future.

Local Programming:

- KSP (Kirkwood Student Productions) are continuing to producing their monthly KSP newscasts.
- The Kirkwood Channel continues to produce "The Involvement Report" on a monthly basis in partnership with the Heritage Agency on Aging.
- Master Gardeners are still taping their 5-10 minutes segment. These segments are part of the "The Involvement Report".
- The Kirkwood Channel along with KSP has aired 6 Kirkwood Basketball games this season "LIVE". With 2 more games coming on February 20, 2010. If Kirkwood gets a home game during the playoffs, we will air the games "LIVE" as well.
- The Kirkwood Channel to air videos from Friends of the Library. Friends of the Library videos have 2 time slots a week.
- The Kirkwood Channel has started airing Kirkwood's Study Abroad Program Videos. This is an in-house video production.

New Purchases

- The Kirkwood Channel has purchased a Video Graphics Information Display System. We will be able to add announcements without taking our programs off the air. Before, when Kirkwood would close due to weather, we would put a PowerPoint slide up all day. Now we can put the message up and keep the video/audio going.

Future Locally Produced Educational Programming:

"LIVE" Basketball Games
Saturday, February 20 3:00pm WOMEN vs. NIACC
5:00pm MEN vs. NIACC
